

Instruction to make Mothers Day Craft Activity

Step 1: Prepare the tulip flower. This has three parts-the flat part (base) and the outer two parts. Fold the two outer parts to achieve a 3 dimensional effect. Decorate these and glue then to the base.

Step 2: Join the tulip flower to the stem stick using craft glue to help it stick firmly. Add your leaves and butterfly if you wish.

Step 3: Glue down your "Happy Mother's Day" wishes to the front of the pot.

Step 4: Open the pot; glue down very firmly your prepared tulips (much sure they are high enough so that you can see them out of the pot).

Step 5: Decorate inside the card

Step 6: Thread the ribbon through the two holes and tie together. This ensure the pot stays in tack.

ENJOY!!! Alexa Kambouropoulos
